

WHEELS INDIA LIMITED

QUALITY, SAFETY, OCCUPATIONAL HEALTH AND ENVIRONMENTAL POLICY

Wheels India Limited is committed to manufacture wheels, air suspension, fabricated & machined parts in a way that ensures quality, safety, occupational health and environment of all our stake holders.

We strive to :-

- maintain leadership in the domestic market and establish leadership in new markets.
- ensure customer satisfaction through timely delivery of products and services.
- continuous improvements in product / process technology and work environment to offer better value added products.
- comply with all applicable obligations, legal and other requirements.
- conservation of natural resources.
- minimize environmental pollution by reducing negative impact, recycling, reuse and replacement.
- prevent injury and ill health through total employee involvement.
- provide appropriate resources and training to achieve the set objectives and targets for continuous improvement.
- communicate this policy to employees and other interested parties.
