Our investments last year were in line with this demand and we had started operations in two new plants. The strong growth in our exports was a major factor in revenue growth last year, with exports now at close to 20% of our sales.”

On the profitability in FY19, Srivats Ram said, “There was a marginal growth in profits for the year, despite having had a one-time gain of Rs 12Crores from the slump sale of our passenger car steel wheel business, in the previous year, i.e., FY18.”

On the outlook for the year, Srivats Ram said, “We would be cautiously optimistic about this year’s prospects.”
